

Hallelujah

The moon is glowing all so bright,
The stars are twinkling in the night,
The sounds of heavenly music
moves you.

The notes were low, the notes were high.
We looked up to the dark blue sky.
We closed our eyes and sang hallelujah.

Chorus:

Hallelujah
Hallelujah
Hallelujah
Hallelu - ooo - oojah

We pray for peace every night,
We wish on stars with all our might,
We all join hands and sing Hallelujah.
Yet guns fire and cannons roar,
The soldiers fight a terrible war,
If they drop their guns and sing Hallelujah.

Chorus

Autumn's gone and winter's here,
Frosty snowflakes soon appear.
Christmas time will soon be upon us.

Laughter, chatter in my ear.
The sound of music is all I hear.
We shout for peace and sing Hallelujah.

Chorus
